PROFILE

UI/UX Designer with 1 year of experience creating clean, intuitive digital experiences. Skilled in Figma, Penpot and Photoshop, with additional knowledge of Illustrator. I like collaborating closely with developers, and my knowledge of front-end fundamentals (HTML, CSS, JavaScript) enables me to design with realistic implementation in mind. I'm continually exploring new design and AI tools to improve workflows and deliver user-focused, visually consistent interfaces.

EXPERIENCE

UI/UX Designer

Jan 2025 - Present
Scipy Technologies

- Designed user interfaces in Figma, applying a clear thought process, wireframes, and iterative improvements based on team feedback.
- Collaborated closely with developers through discussions and handoff to ensure smooth, accurate implementation of UI designs.
- Supported front-end development by using VS Code, working with HTML, CSS, and basic JavaScript for minor UI builds and adjustments.
